When you have passed the olive grove (with many pines) you walk up into the forest. There are many dry branches here but try to follow the red dots on the stones up through the woods. Turn slightly left to get up the hill and up on an asphalt road. **Last paragraph, 4.line:** The earth road is asphalt.

It goes uphill and then it joins the 'old' path. **3.paragraph, 7.line and the rest of the page:** New route back: You continue along this road all the way (about 1500 metres) until it joins the asphalt road. Turn right. From here it's the same way back as on the way out. Don't miss the path that starts in the big bend after 5-10 min. Follow the path down as on the way out. You follow the small path along the streambed and after 5-10 min the path continues into the streambed. See if you can follow the red dots on the stones.
